*Built in 1892, Everton's Goodison Park is nicknamed The Grand Old Lady.*

Think about the most recent Premier League season and picture some of the exciting matches you watched on television. Incredible goals, roaring fans, the unbelievable comebacks and the teams fighting for Champions League spots or to avoid the perils of relegation. No wonder so many sports fans consider the English Premier League one of the most exciting soccer leagues in the world.

But stop for a second and contemplate how much more incredible it would be if you could experience those matches in person instead of just on television. The thrill of sitting among 25,000 to 76,000 fans in some of the cathedrals of English soccer, some of which date back to the late 1800's. Hearing the songs bellowing from the crowd, seeing world-class players up-close, and feeling those shivers running down your spine when you hear the ball smack the back of the net and the fans erupting inside the stadium.

It's a once-in-a-lifetime experience, and it *can be yours*.

I know what you're saying. You can't afford to fly to England. Even if you could, you wouldn't be able to get tickets or you wouldn't know what to do, or how to get around England. Sure, you'd love to go, but it's impossible, right?

Absolutely not. In the next 24 pages, I'll show you how you can make your dreams come true and how you can save more than a thousand dollars to see your favorite club in-person **this season**.

## **PROS AND CONS OF PACKAGE TOUR OPERATORS**

There are many companies in the United States and around the world that offer travel packages to see matches in the United Kingdom. The services that [XL Travel](#) and [PSG Sports](#) provide are excellent but the price you pay for these packages can cost **more than \$3,000 for a 9-day trip** (airfare not included).

Here are examples of how much a typical package tour would cost through XL Travel

and PSG Sports:

Item	XL Travel	PSG Sports
Trip name	Thanksgiving 2008	2009 Premiership Fan Tour
Airfare	Not included	Not included
Trip dates	Nov 28-Dec 1, 2008	April 11-19, 2009
Trip duration	4 days	9 days
Includes Tickets To	2 games	5 games
Hotel accomodation	Included	Included
Breakfast	Included	Included
Requires sharing of room	Yes	Yes
Stadium Tours	Included (1)	Included (1, maybe 2)
Transportation from/to airport	Included	Not included
Transportation from hotels to stadiums	Included	Included
Tour guide and director	Included	Included
Trip cost	\$1450	\$3000
Airfare estimate (round trip)	\$800	\$800
<b>TRIP COST PLUS ESTIMATED AIRFARE</b>	<b>\$2250</b>	<b>\$3800</b>

If you prefer to go with these group packages, that's fine but realize that you'll be spending inflated prices. Instead, in this ebook, we provide you a step-by-step guide of how you can save more than a thousand dollars and schedule the trip when you want to go, giving you a lot more freedom and flexibility to customize the trip to your needs.

In fact, I've already done a trip like this myself, so I know from first-hand knowledge how to do it.

In contrast, here's how much it cost me the last time I went to England for a 10 day trip, where I saw *Everton against Bolton*, *Blackburn versus Spurs*, *Arsenal v Hamburg* (in the Champions League), *Fulham against Reading*, and *Manchester United versus Chelsea*:

Item	EPL Talk Trip	Cost
Trip dates	Nov 18-Nov 27, 2006	-
Trip duration	10 days	-
Tickets to	5 games	\$421
Breakfast	Not included	\$180
Requires sharing of room	No	-
Stadium Tours	Yes (Emirates Tour)	\$24
Transportation from/to airport	Included in BritRail train pass	-
Transportation from hotels to stadiums	Not included	\$44
Train pass for city-to-city travel	BritRail pass (4 travel days)	\$265
Tour guide and director	Not included	-
Airfare	W. Palm Bch to Manchester	\$0 (used frequent flyer miles)
Airfare estimate	-	\$800
Hotel accomodation	9 nights	\$981
<b>TOTAL</b>	-	<b>\$2715</b>

PSG Sports's *Premiership 2009 Fan Tour* is the closest comparison to my Premier League tour. You would have saved **\$1,085** by following the tips provided in this EPL Travel Guide. Plus you don't have to worry about sharing a hotel room with a stranger!

Package tours are not for everyone. If you want the flexibility to plan your own tour, pick the matches you want to see and save money, then a package tour isn't a good idea. But if you want to save more than a thousand dollars and take the trip of a lifetime, take a deep breath, grab a pen and paper and let's get started.

## WHEN TO GO

**1. Pick the best time of the year to visit.** The Premier League season runs from August through May. Typically the most expensive time to visit England is during the summer months between June and August. Airfares to England (London or Manchester) are usually the cheapest between September and March.

**2. Be creative when asking for time off work.** You'll need to factor in how many vacation days you can take and how to seek permission from your boss to take the time needed. If you're like most of us, taking time off work is usually a challenge, but here are some helpful tips.

- **Tip:** Schedule your vacation time around a holiday. For example, if you live in the United States and you don't mind missing that Thanksgiving turkey, late November is an excellent time to visit England.

To give you an idea of what's possible, here's the itinerary from my November 2006 trip (complete with a map, pictures and an audio travelogue):

[View the interactive map](#) from my trip so you can zoom in on the stadiums.

- **Friday, November 17:** Worked 9-2 and then caught the plane from West Palm Beach to Manchester, England at 5:40pm ET.
- **Saturday, November 18:** Arrived in Manchester at 9:40am GMT and rode the train to Liverpool ([read article](#)). Attended Everton v Bolton match at 3pm GMT ([hear audio](#) and [see photos](#)).
- **Sunday, November 19:** Spent the morning visiting Liverpool's Anfield stadium and the Hillsborough Memorial ([see photos](#)). Departed Liverpool by train to Blackburn. Watched Blackburn against Tottenham match ([hear audio](#) and [see photos](#)), and then stayed the night in Manchester.

- **Monday, November 20:** Took train from Manchester to London. Toured Arsenal's Highbury Stadium ([see photos](#)). [Hear audio travelogue](#) from the day's adventure.
- **Tuesday, November 21:** Went on an amazing adventure to south east London to find the remains of Arsenal's Invicta Ground from 1894 ([see photos](#)). Then visited The Valley ground, home to Charlton ([see photos](#)). That night, went to Arsenal against Hamburg match. [Hear audio travelogue](#) from the day's adventure.
- **Wednesday, November 22:** Took the Emirates Stadium tour ([see photos](#)), went to the Arsenal museum ([see photos](#)) and then took a trip to Tottenham's White Hart Lane ([see photos](#)). [Hear audio travelogue](#) from the trip to north London.
- **Thursday, November 23:** Traveled around London. First stop was Chelsea's Stamford Bridge stadium tour ([see photos](#)) followed by a trip to Fulham's Craven Cottage ([see photos](#)) and West Ham United's Boleyn Ground ([see photos](#)). [Listen to the audio travelogue](#) from my adventures around London.

*The rear of the Craven Cottage at Fulham's ground in west London.*

- **Friday, November 24:** Day off for rest and relaxation at my cousin's house in the suburbs of London.
- **Saturday, November 25:** Spent the day at Craven Cottage to see Fulham against Reading at one of the quaintest stadiums in England before heading to Manchester by train that evening. Listen to the day's experiences on the [audio travelogue](#).
- **Sunday, November 26:** The final match of the tour was the biggest one yet: Manchester United against Chelsea at Old Trafford ([see photos](#) and [hear the audio travelogue](#)).

*The Gaffer and friend Charles Walters at Manchester United's Old Trafford.*

- **Monday, November 27:** Caught my flight from Manchester back to Florida.

Now you can easily plan a trip like mine or make it your own. Here's how to do it:

Look at the calendar and write down the date of the Friday before Thanksgiving. If you head directly from work to the airport on that Friday evening, you can leave that night to fly to England (most flights to the United Kingdom are overnight from the U.S.). You'll arrive on the Saturday morning usually around 8-9am UK time. That gives you plenty of time to leave the airport and head to a football match. Remember, most kickoffs in the UK don't begin until 3pm, so you have approximately six hours to get to your hotel, check in and head over to the ground.

The next day, Sunday, usually offers a few different matches you can watch around the country.

Then Monday through Friday of that week can be spend exploring England, going to

mid-week matches, experiencing stadium tours or whatever you'd like to do. You can return home from the United Kingdom the Sunday after Thanksgiving Day and arrive back in the States that same afternoon.

If you work in corporate America and your company pays you holiday time for Thanksgiving Day and the day after (better known as "Black Friday"), the only days you'll need to use for your vacation time are the Monday through Wednesday leading up to Thanksgiving Day. That means you'll enjoy nine days of vacation while only using up three vacation days. Nice deal, right?

In a typical week such as the above itinerary, you can squeeze in approximately four to five professional matches pretty comfortably.

If you're not able to travel to England during the week of Thanksgiving, take a look at other national holidays to see how many days you can take off without impacting your vacation time too severely.

Or if you can afford to take vacation days whenever you want throughout the year, more power to you.

## WHERE TO GO

**3. Figure out which matches you want to see in England.** Do you want to schedule your visit so you can see Premier League matches during the same week as the Champions League, FA Cup or even a Carling Cup final or FA Cup final at the new Wembley? Your best bet is to study the [Premier League schedule](#) to see which matches you'd be interested in seeing.

**Note:** Beware of international matches throughout the season where the Premier League takes a break for one to two weeks. Also keep an eye on the [Champions League schedule](#) where you may be able to see the best teams in Europe such as Barcelona, Real Madrid and Inter Milan play away in England. Also be aware of last minute schedule changes due to clubs changing their kick-off times or dates because of live TV coverage.

When considering which matches to go see, the good news is that the three biggest

international airports in England are close to the big soccer clubs. London's Heathrow and Gatwick airports are both a train's journey away from the center of London.

The other major international airport in England is Manchester, which is centrally located in the north of England and not far from Liverpool, Birmingham (home to Aston Villa and West Bromwich Albion) and other cities especially in the north west of England where football has its roots.

Here's a map showing the locations of all 20 Premier League clubs. You'll notice that most teams are congregated around the north west of England and in London:

## MONEY SAVING TIPS

**4. So now that you know what time of the year to visit England and you have a rough schedule written down, the next step is to find an inexpensive flight.**

Knowing when to buy an airplane ticket is crucial. Buy it too soon or too late and you may end up paying double the price of the stranger sitting next to you. Sometimes flight prices change radically day to day or even hour to hour. Instead of scouring the Web for hours and ruining your eyesight, I have a website for you that will save you hours of work and hundreds of dollars. It's called Yapta and it's FREE.

Yapta is a website that compares rates across several different airlines for your preferred flights. What makes Yapta different is that you can track flights you're interested in and then the site will notify you via e-mail when the price changes. So by setting up a few different flight options with different airlines, you can sit back and receive emails whenever the prices fluctuate. Visit [Yapta.com](http://Yapta.com) to learn more.

Another fantastic resource is [Farecast](http://Farecast). The website predicts when the best time to purchase plane tickets is, so it eliminates the guessing game of wondering whether you're getting a good deal on your plane ticket or not. The site also graphs fares over the past 30 days so you can see when ticket prices go up or down.

Also check out [Airfare Watchdog](http://Airfare Watchdog) which offers e-mail alerts when prices drop and other helpful features similar to Yapta.

Here are some of the preferred airlines that fly to England and back:

- [Virgin Atlantic](http://Virgin Atlantic)
- [IcelandAir](http://IcelandAir)
- [British Airways](http://British Airways)
- [American Airlines](http://American Airlines)
- [Delta AirLines](http://Delta AirLines)
- [Continental Airlines](http://Continental Airlines)
- [BMI](http://BMI)

If Yapta, Farecast and Airfare Watchdog don't give you what you need, try searching other travel sites such as [Orbitz](#), [Hotwire](#), or [Expedia](#).

- **Tip:** When selecting which airport to fly to the United Kingdom, choose one of the following:
  - **Heathrow Airport** (London),
  - **Gatwick Airport** (London), or
  - **Manchester Airport** (Manchester).

Most of those airports offer direct flights to and from the United States to England.

*A moving walkway inside Manchester Airport at night.*

**5. Next step is purchasing tickets to the games, all of which can be done online from anywhere in the world using a credit card.** Whatever you do, don't buy tickets from scalpers outside stadiums in the UK. There's no need and it'll cost you a fortune.

You can purchase tickets from the official website for the club that's playing at home (refer to the Official Football Websites section near the end of this ebook). If that team is Arsenal, Liverpool, Man United or Chelsea, you'll have a tough time trying to get tickets because many of them are already snapped up by season ticket holders. Instead of spending too much time praying you'll get tickets from those official websites, your best bet is to contact the official supporters clubs for those teams in the United States (see the Supporters Clubs In The United States section at the end of this ebook).

Many times they'll have an allotment of tickets available to members even if the game is sold out. For a very affordable membership fee, you can become a member of the supporters club and purchase tickets through them.

*Inside Chelsea's Stamford Bridge during their stadium tour.*

Whether you buy tickets through the official website or an official supporters club, you'll often pick up the tickets from Will Call outside the ground on matchday.

If you're unable to get tickets through the official club websites or supporters clubs, try [Via GoGo](#), which is a website that sells unused tickets.

As a last resort, visit the club's ticket office on matchday to see if they have any extra tickets.

**6. Save time and money by purchasing your currency ahead of time.** If you wait until you get to the airport either in the US or UK to buy British pounds, you'll end up paying a lot more money as well as not getting a good deal on the currency rates.

I've been using a company named [International Currency Express](#) for more than decade. You can order the British currency online and pay with a credit card and then have the money shipped to your home before you leave the country.

To calculate how much your money is worth in British pounds, visit the currency converter site [XE](#).

## GETTING AROUND

**7. Book your transportation ahead of time.** After flying overnight to the United Kingdom and feeling groggy, the last thing you want to worry about is how to get to your final destination. So instead of paying expensive cab fares, book your transportation ahead of time.

You may be surprised to learn that, once you're in England, flying to destinations within the UK is often cheaper than renting a car for the route. The domestic airlines in the United Kingdom and Europe are extremely competitive and, as a result, the airfares are sometimes ridiculously cheap. Depending on where you're traveling to in the UK, be sure to check the rates from these airlines for air travel:

- [Easyjet](#)
- [Ryanair](#)

If you're not sure which airlines fly to and from the local airports in England that you're interested in visiting, check these official websites:

- [Liverpool John Lennon Airport](#)

- [Manchester Airport](#)
- [Newcastle Airport](#)
- [Birmingham Airport](#)
- [London Stansted Airport](#)

**8. Ride the airport express trains.** If you're arriving at Heathrow or Gatwick Airports, ride the special express trains that take you into the heart of London. You can save money by booking tickets for these trains online before you leave your home. Purchase tickets at the [Heathrow Express](#) and [Gatwick Express](#) websites.

*Outside Arsenal's previous home, Highbury Stadium in Islington, London.*

**9. Purchase a BritRail train pass.** If you're planning on traveling mostly by train

while you're in the country (definitely recommended if you're planning on visiting several cities), I highly recommend you buy a BritRail train pass that will give you unlimited train travel based on the type of package you buy.

On first impression, the prices may seem high, but you can often save money and have the flexibility to get on and off the train as often as you like. [Purchase a BritRail pass online](#). If you need to check train schedules and find out where the train stations are located in the UK, visit the [National Rail website](#).

There are plenty of train routes linking major cities in England. Major ones include:

- **London to Edinburgh:** Includes a stop in Newcastle.
- **London to Manchester**
- **London to Liverpool**
- **London to Birmingham**

**10. Purchase underground tickets ahead of time.** Planning on spending a couple of days or more in London? You'll definitely want to purchase tube (aka underground) tickets before you leave for England. You can buy them at the London Underground stations, but they'll definitely be more expensive. Order them instead [online](#).

If you're in London for two days or more and have time for sightseeing, I recommend the [open-top Double Decker tour buses](#) in London which will allow you to see all of the highlights of the city from your seat. You can get on and off the bus as often as you like, or sit back and enjoy the sights. Book ahead of your departure to England and save.

**11. Book your car rental ahead of time.** If you're feeling adventurous and want to drive on the opposite side of the street in England, save a ton of money by booking your car rental on the internet before you arrive in the UK. Helpful sites with great discounts include [Sixt](#) or [Alamo](#).

- **Tip:** If you want to do your own research for car rental prices, use the term "car hire" instead of "car rental" when you search in Google. In fact, your best bet is to search via the [UK version of Google](#).

The major cities within England are connected by motorways, the American equivalent

to highways. The most widely used one is the **M1** Motorway that links London to Leeds. The **M6** begins near Birmingham and links major cities such as Manchester and Liverpool.

If you do plan on driving in England, be sure to read [How To Drive In The UK](#). The web page features helpful tips. One important point to take into consideration is that very few cars in the UK feature automatic transmissions. Most of the cars are stick-shift, so if you do want to rent a car with an automatic transmission, be sure to reserve one ahead of time via the car rental company's website.

*The Gaffer pitchside at Arsenal's Emirates Stadium during a tour of the ground.*

**12. Make a list of the stadiums you'd like to tour.** Before you head to the UK, do some research to see what stadium tours you'd like to attend while you're there. Many of the soccer clubs offer behind-the-scenes tours of their stadiums. Many top clubs feature museums too such as Arsenal, Manchester United and Chelsea. Find out more through the Official Club Websites section near the end of this eBook.

**13. Research British hotels before you head to England.** For years, British

hotels have had a bad rap. They've been criticized for having rooms that are the same size as closets and not very clean. Thankfully, the newer models of British hotels are some of the best you can find. However, hotel prices are very expensive especially in London.

You can book hotels ahead of time. Before doing so, review the virtual tours and photographs of the hotel on sites such as [Visit Britain](#), [Hotwire](#) and [Expedia UK](#). And check the ratings by fellow travelers at [TripAdvisor](#).

Another option is to stay at a bed and breakfast, also know as a B&B. Bed and breakfasts are often private homes with only one or two bedrooms available for commercial use, but they provide bed accommodation and breakfast for very low nightly rates even in large metropolitan cities. For a comprehensive guide to bed and breakfast establishments, visit [Bed And Breakfast Finder](#).

When selecting a hotel or B&B, try to find one that's near main transportation routes such as train stations and bus terminals, but not too close where the buses and trains will keep you awake through the night. The advantage of being close, but not too close, is to reduce the need for taxi rides and grueling walks as you carry your luggage around town.

If your hotel or B&B is not within walking distance from the train station or airport, be reassured that the United Kingdom has a reliable public transportation system. The buses are run by different local companies throughout England, but if you're interested in riding a bus between major cities, your best bet is [National Express](#) -- which is similar to the Greyhound Bus Line in the United States.

**14. Purchase phone cards before you head to England.** If you're planning on calling home when you're in the UK, purchase phone cards in the US before you head to England. You can purchase phone cards at your local Wal-mart store, but make sure that the cards will work overseas (read the back of the phone cards carefully). Also before you head to the UK, find out what the toll-free number will be that you'll need to dial in the UK to use the card (typically an 0800 number). Call the phone card company and then write the number on the back of your card with a Sharpie pen so you won't

forget it.

*Paisley gates outside Liverpool's Anfield stadium.*

**15. Don't forget that you need a passport to enter the UK.** If you're a US citizen and you don't have a passport or you need to renew yours, [go online](#) for all of the details.

**16. Buy a travel adapter before you make the trip.** The electrical sockets and plugs are completely different in the UK than in other countries. Just google 'travel adapter' to find the best deals or, better yet, [visit your local Radio Shack store](#).

## LOCAL CULTURE

A large part of the pleasure of experiencing the Premier League in person is what happens before the game where fans congregate and start singing their songs before walking in unison to the stadium.

*Members of Arsenal America supporter's club party in a London pub before a match.*

Usually every Premier League club has a local pub in the vicinity of the ground which is the preferred gathering place for home fans. Before you head to England, ask the people on the supporter club websites where the best pubs are.

- **Tip:** Some pubs only cater to away fans and don't allow home fans inside. So if you're wearing the club colors of the home side, don't walk into the away pub and vice-versa.

By getting to the pub a couple of hours before kick-off time, you'll be able to bond with the fans, share a few pints, learn some songs and take in the whole atmosphere of what

it's like to experience a Premier League match.

*Arsenal fans march toward Emirates Stadium for a night match.*

## **THE TRIP OF A LIFETIME**

Seeing Premier League matches on TV is one thing, but actually being there in person is a whole different experience.

I'll never forget my 10 day trip from 2006. The time when I met former U.S. international Brian McBride after the Fulham match. Or my luck at seeing two of the goals of the season in 24 hours when [Mikel Arteta scored for Everton](#) against Bolton, or when Blackburn's [Tugay scored a rocket](#) against Spurs. Then I was treated to [a screamer of a goal by Rafael van der Vaart](#) for Hamburg against Arsenal in the Champions League. The list of highlights from my EPL adventure goes on and on.

The intent of this ebook is for you to enjoy a similar adventure.

By taking the steps outlined in this guide, you'll save more than a thousand dollars.

Sure, the steps will take some time but when you arrive in the UK, most or all of your plans will already be arranged. This way, you can make the most of your trip of a lifetime and soak in the passion and tradition of the world's most popular sports league, the English Premier League.

Feel free to share your stories about your trip, as well as your photographs, and I'll publish the best of them online at [EPLTalk.com](http://EPLTalk.com). Email me at [thegaffer@epltalk.com](mailto:thegaffer@epltalk.com)

Enjoy the trip of your lifetime!

Cheers,

*The Gaffer*

## THANK YOU

In no particular order, cheers to **Phil McThomas** of [Soccer Shout](#) and [Clever Football](#) fame for his honest and concrete feedback he provided after reading an early draft of this ebook, **Debbie Harris** for her patience and taking care of the two bairns (soon to be three for her and four for me) and **Ian Griffiths** for keeping me honest and striving to achieve the best while eliminating the hype.

*Blackburn fans show their team pride at Ewood Park.*

## ABOUT THE AUTHOR

**The Gaffer** (aka Christopher Harris) has been following football/soccer for more than 30 years. Born in Wales, he is a former journalist who now lives in Florida and spends his time analyzing the influence of the Premier League worldwide. In 2005, he founded EPL Talk.

EPL Talk has been a pioneer in providing the ultimate Premier League experience to football fans worldwide.

Its **EPL Talk Chat** brought thousands of soccer fans together from around the world to share the experience of live Premier League matches. Its **EPL Talk Podcast** was the only Premier League interview show bringing frank and intelligent interviews to the internet. Featured guests included [Rodney Marsh](#), [Toby Charles](#), [Patrick Barclay](#) and more than 100 others.

Today, EPL Talk provides readers with intelligent Premier League news and analysis to more than 150,000 unique visitors each month.

Experience the difference at [EPLTalk.com](http://EPLTalk.com).
